

**We work with clients
who know that in today's digital landscape,
it's not about keeping up—
it's about getting ahead of the curve.**

We are a multi-disciplinary independent offshore full service creative studio dedicated to enhancing our clients' communications and design.

As specialists, we remain resolute in our appreciation of 'brand' as key to the success of any given service or product. Our strength comes from a solid team with over 20 years of global experience, served with loyalty, aptitude and professionalism. Our reputation is built on those of our discerning clients', who have grown and found success with us.

We believe in coherent communication and will always strive to produce work that is disciplined in message and memorable in aesthetic. Our practice considers web development, mobile apps development, motion graphics, films, post-production and animation. This consistently high-level commitment is evident in the personalised attention and service our clients have come to know and expect.

WHAT OUR CLIENTS SAY ABOUT US...

On behalf of the team at UAskme LLC, I would have no hesitation in recommending Oris-Media as a business partner. From initial conceptual discussions, right through until our web-site went live, they were with us, providing options, guidance and support.

The approach of Oris-Media, has been to engage and understand not only our ideas but our business model in order that they can then tailor their offerings in a manner that has always been better than our expectations. Everything that we have discussed has been delivered on schedule and included several elements which we had not considered, but with their knowledge and experience, knew these would be essential.

Kenneth Neil (Dubai, United Arab Emirates)
Director, UAskme. www.uaskme.me

Oris Media has been a trusted partner for designing of various projects for Cardpro Solutions Pvt. Ltd. ranging from designing of the company profile, website designing and maintenance, designing of professional presentation and product literature, very flawlessly and with the utmost professionalism.

The quality of work carried out by Oris Media reflects the in depth knowledge & the experience they have which all organizations need for growth and visibility in today's competitive environment. CardPro Solutions is very grateful of having associated with Oris Media as a long term partner.

Vikas B Choudhary (Mumbai, India)
Managing Director, CardPro Solutions Private Limited. www.cardpro.in

We are consultant Obstetrician and Gynaecologist in private practice for the past 7 years. I have realized importance of website for successful business hence discussed about it with various website designers but was not completely satisfied with their ideas until I met Oris media last year. I was really impressed with their expertise in this field along with professionalism. Their work in graphic designing and animation is superb. OrisMedia has not only completed the work in a stipulated time but also supported us in search engine optimization, link building etc. they are always available for advice on mobile or net which is quite handy. Over and above we have friendly and instant website support at really reasonable cost.

Dr. Yatin Thakur (Essex, United Kingdom)
Owner, Gynaeadvice. www.gynae-advice.com

WHAT OUR CLIENTS SAY ABOUT US...

OrisMedia produce some of the most beautiful and clear design work I've ever seen. I continually come back to them because they never disappoint. There are great professionals, nice people, and pleasure to work with.

Purwanti Alissa (Dubai, United Arab Emirates)
Director, Careersbay. www.careersbay.com

I have been with OrisMedia for the past 4 years, they have done some excellent work for our company. We look forward to maintaining our relationship and we would recommend OrisMedia with reservation.

Emad Shawqi (Dubai)
Managing Director, iTechme LLC

Morning Yaz,
Just a quick line to thank you so much for your help with our new website. We are so thrilled, our sister concern is quite impressed with the new website, they are looking forward to partner with us on renewal of our contract. Thanks again.

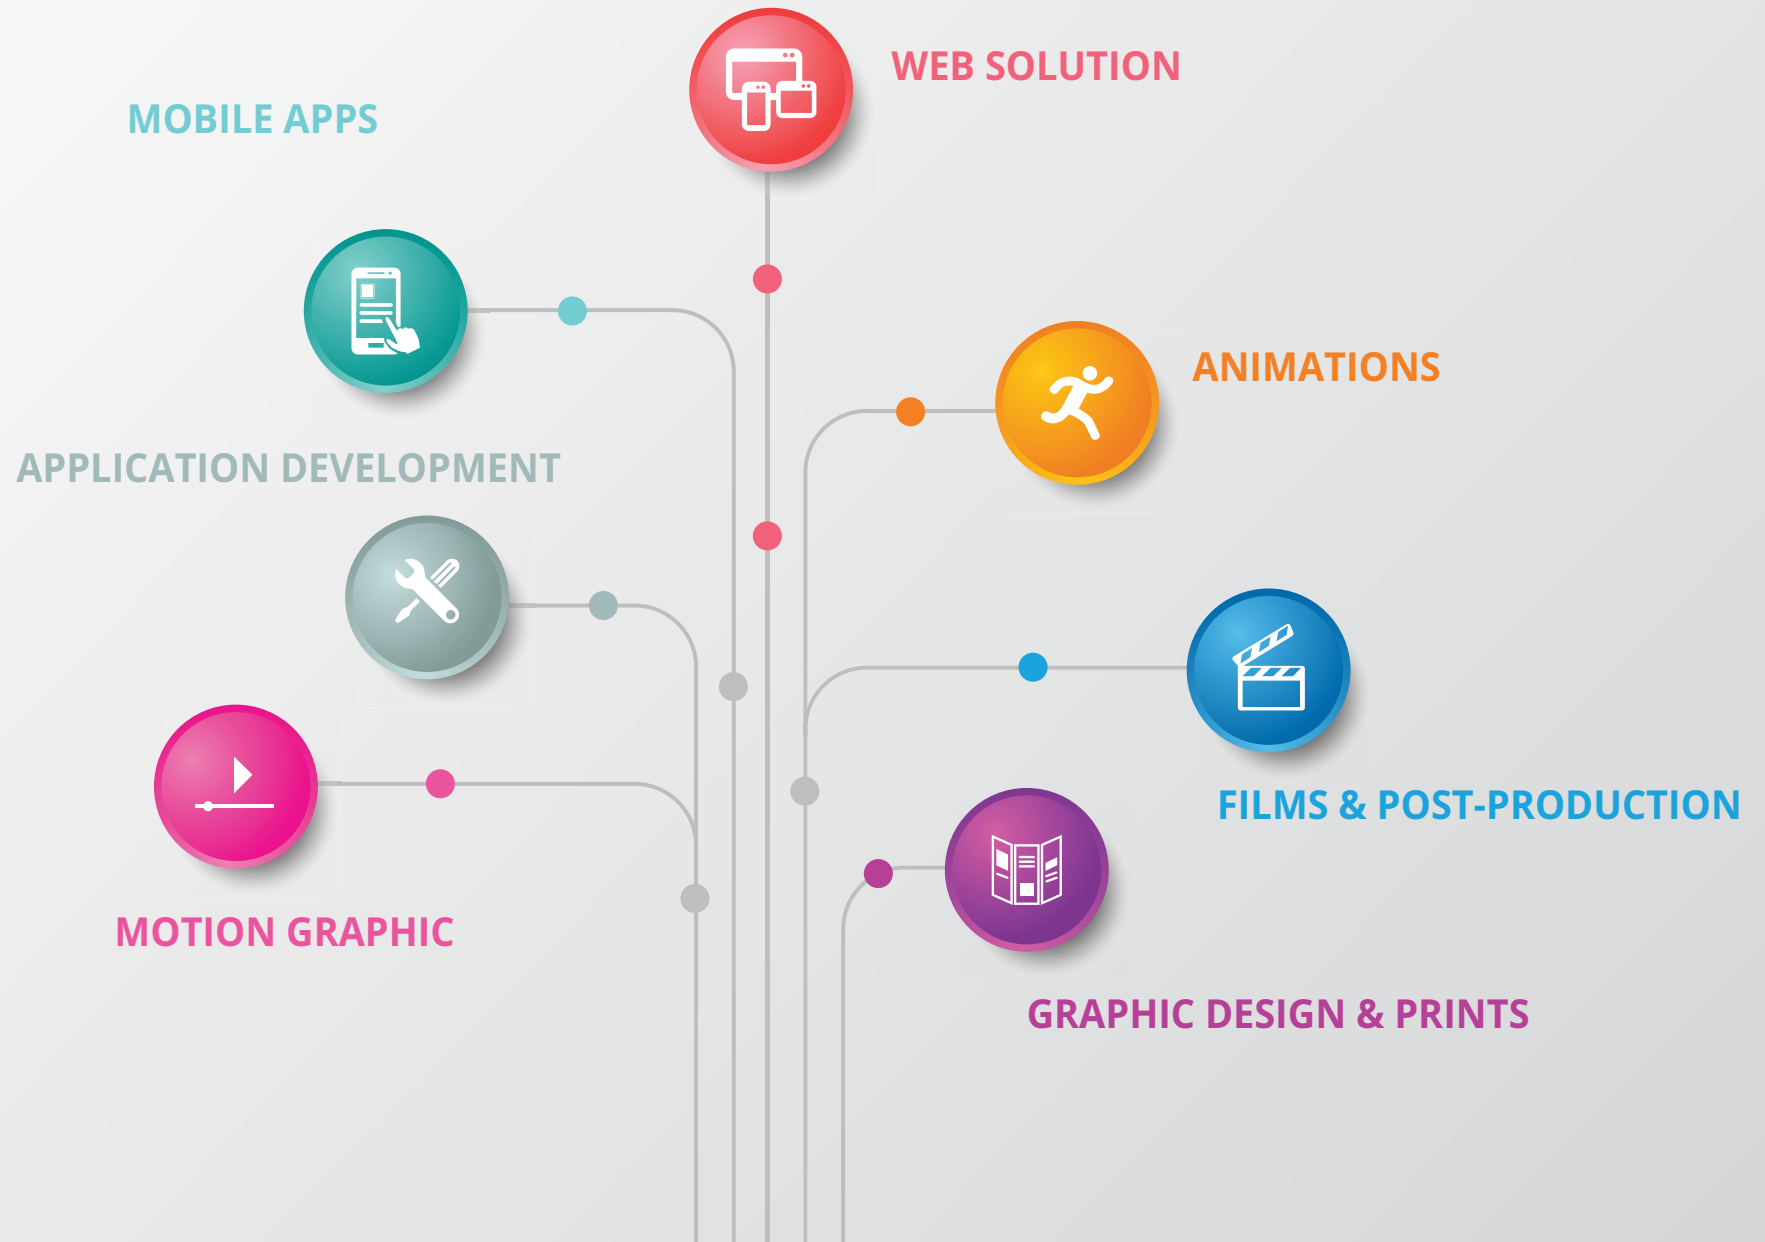

Emad Shawqi (Dubai)
Founder & CEO, vTechme LLC

I would like to thank OrisMedia for all the wonderful help you have provided with the revamp of our company's website over the past year. We are so thankful for your expertise. I highly recommend their service.

Suthan A. (Paris, France)

WEB DEVELOPMENT SOLUTIONS

Designing a website is like writing a story and turning it into unique, personal graphic presentation of who you are, what you do, why you do it and what can you do for your clients. It is a process, in which the end product will reach thousands of people. It's a great privilege to be there, hear the story and be the ones who will turn it into something live.

WE ARE SMALL ENOUGH TO KEEP INNOVATING OURSELVES.

WE ARE SMART ENOUGH TO SOLVE BIG PROBLEMS.

Our team is a perfect blend of creative thinkers and tech-savvy engineers from around the world who share a passion for creating and implementing progressive ideas, and translating them into engaging, intelligent and innovative user experiences. Our size ensures an agile and cost-effective solution for our clients, while our expertise and talent guarantees a qualified solution for every problem, no matter the size or scope.

WEB DEVELOPMENT SOLUTIONS (Continued)

OrisMedia offers excellent web development solutions that are tailored as per your business needs.

What we offer

Mobile App Strategy

Mobile app strategy begins with the idea of interaction. The ultimate goal is to build the app that provides customers with exactly what they want.

Native App Development

Product companies have a clear inclination towards native app development to deliver the best device fidelity, user experience and hardware specific features.

Best User Experience

User experience is way more than the way, app looks in terms of user interfaces. Its about providing "WOW" feeling to users, while they navigate.

Cross Platform App Development

Enterprise-to-consumer apps are fueling demand of cross platform app development to rapidly develop and deploy mobile apps on several mobile platforms.

Enterprise Mobility Solutions

Enterprise mobility solutions, being the most disruptive technological innovation today, setting mobile driven processes and aligning workforce in effective way.

Fast Customer Communication

Our clients are facilitated with a 24X7 support network, thus ample business potential can be exploited with our services and the support

The mobile app market is moving really, really fast. Do not wait for somebody else to design the same app that you are dreaming of. Give it a try before somebody else comes up with the same app

Yes, Contact us Now, Start Now and Get Your App on the Market.

MOTION GRAPHICS

Providing 3D Animation, Visual Effects, Motion Graphics, DVD production, and more for all your advertising support needs for commercial, broadcast, film, corporate, or print. Catering to advertising agencies, film and hi-tech industries, we provide conceptual design, branding, 3D modeling, animation, lighting, texturing, compositing, live action integration, motion graphics, title design, post production and more.

It's an exciting time... communication, business and entertainment consumption is changing before our eyes. As industry strands converge and integrate across platforms, we're here to craft bespoke design solutions in response to these new challenges. The audience experience is at the heart of the multi-faceted solutions created by our small and trusted team of motion designers, animators and directors.

We're interested in working with people who see the future differently, like we do

FILMS & POST-PRODUCTION

CUSTOMISED FILM

Producing customised HRD films is a matter of understanding the subject and the target audience in great detail. We ensure that such HRD films have customised script and is produced keeping in mind the exact need and use of the film. Some customised HRD films include topics such as:

- Production of Motivational Films • Production of Safety Films • Production of Induction Films
- Production of Product Installation Films

DOCUMENTARY FILM

If it's a social issue you need to address, we specialise in the documentary films production featuring a sensitive script writing and offering hi-end production and post production facility.

CORPORATE FILM

We have expertise in the process of creating corporate films and corporate movie making with high brand value our creative team is completely involved to understand your media requirement and target audience to the very detail.

FILMS & POST-PRODUCTION (Continued)

TRAINING FILM

We produce audio visual media to provide systematic and demonstrative training, using high end visual effects in 3D & 2D with superior video finish. We can cover your training session using multi camera setup and then add titling effects, 2D and 3D animation effects and demonstrative voice-over narration and customised music composition.

SALES & MARKETING FILM

Many companies use an advertising agency to handle the creative aspect of their sales and marketing videos, but OrisMedia's creative services can also help you with any part of the process in creating your sales and marketing videos.

EDITING STUDIO

We offer post production support to individual film makers and advertising agencies to help them realise their ideas to reality. Our Post Production Services includes:

• Video Editing • Video Quality Upgrade • Titling Services • Montaging and Creative Titling • 2D & 3D Animations • Logomotion • Colour Correction • Tracking & Rotoscoping • Special Effects Compositing

We offer varied output formats like VCD, DVD, FLV's, MPEG4, Web Streaming and Flash Videos.

ANIMATION

What we offer...

...a complete range of in-house facilities to take a project from concept to delivery. These include script writing, concept art, character design, storyboarding, animation and motion graphics. Our focus on engaging character and strong narratives means we will find the perfect way to tell the story you need to tell.

Who we work with...

ADVERTISING

We produce animation for advertising campaigns, TV commercials and online promotional films. Working with advertising agencies or directly with brands, we can manage any part of the production process and are happy to slot in to which ever part of the process we are needed.

EDUCATION

We have experience in producing animated learning resources for Key Stage 1,2 & 3, GCSE, and A-level, with educational clients. Additionally, we produce 'explainer' content for older audiences, which includes pharmaceuticals and technical demonstrations.

ENTERTAINMENT

Our entertainment work places a strong emphasis on character and storytelling, and includes documentary cutaways, adaptations, short stories, and title sequences.
